

NEW SUPPORTIVE SENIOR HOUSING at Laguna Honda Campus

FEBRUARY 2022

AN INTEGRATED SENIOR LIVING COMMUNITY

To support San Francisco's rapidly growing senior population, Mercy Housing California (MHC) has been selected by the City and County of San Francisco to develop a combination of affordable senior housing and affordable assisted living on the Laguna Honda Hospital campus. The campus presents an exciting opportunity to build high-quality affordable housing for seniors with low incomes, to provide them access to multiple levels of care, and to develop new community daycare facilities for children and adults.

With 22 senior communities serving over 2,054 seniors in San Francisco, MHC brings significant local expertise to this development.

MHC is the state's most experienced owner/manager of affordable, service-enriched housing.

MERCY HOUSING CALIFORNIA CURRENTLY OPERATES

COMMITMENT TO COMMUNITY INVOLVEMENT

Mercy Housing is committed to incorporating the local community into the development process through a variety of means, including input from neighbors, neighborhood associations, and local leaders, as well as written and electronic communications. In observance of health guidelines related to COVID-19, Mercy Housing will solicit input through virtual meetings, email, regular mail, and the website lagunahondasenior.org.

ABOUT MERCY HOUSING

Mercy Housing California (MHC) is a California-based nonprofit housing development organization with the mission of creating and strengthening healthy communities. Since 1981, Mercy Housing has created and preserved affordable housing for Californians. Today, MHC owns and manages 155 unique sites, serving more than 19,600 residents.

MHC has been recognized for its outstanding design, quality management, and model of senior service provisions by a wide range of public and private organizations, including the American Institute of Architects, the Institute on Aging, and the California Alliance for Retired Americans.

Mercy Housing Management Group (MHMG) will manage the senior independent living program. MHMG is committed to providing quality property management services to reinforce the philosophy that everyone deserves respect, dignity, and a place to call home.

MHC and MHMG are affiliates of Mercy Housing, Inc. (MHI), a national nonprofit housing development, management, and resident services organization founded by six congregations of Women Religious, including the Daughters of Charity, the Sisters of Mercy, and the Sisters of St. Joseph of Orange. Association and The California Endowment.
